DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 02/11/2009 has been entered.

Response to Arguments

2. Applicant's arguments in light of the amendment filed 02/11/2009, with respect to claims 7,8,19-29 have been fully considered and are persuasive. The prior art rejection of claims 7,8,19-29 has been withdrawn.

Specification

3. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

The following title is suggested: "Peripheral accessory specification identification and transmission".

Claim Objections

4. Claims 12-18 are objected to because of the following informalities: withdrawn status needs to be changed to cancelled status. Appropriate correction is required.

Allowable Subject Matter

5. Claims 7,8,19-29 are allowed.

The following is the statement of reasons for the indication of allowable subject matter: The prior art disclosed by the applicant and cited by the Examiner fail to teach or suggest, alone or in combination, ***all*** the limitations of the independent claim(s) (*claims 7,8,19,23 and 27*), particularly a peripheral device attached to a host, the peripheral device further having another accessory device attached to it, the peripheral device being able to detect a change in the accessory device, identifying the change and incorporating the identification with the peripheral devices own identification and transmitting that identification to the host.

Conclusion

6. This application is in condition for allowance except for the following formal matters: objections to title and claims.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
